V.1

P R E F A C E.

THE tenth edition of Baret's Italian and English Dictionary having been for some time out of print, the proprietors have determined upon supplying its place by the present work, which, although based upon its esteemed predecessor, possesses, in other respects, every claim to originality.

When, indeed, it is considered how decided a taste for *l'armoniosa lingua* and its rich and captivating literature prevails in this country, how generally the music of that land of song is cultivated, how intimate are the commercial relations existing between Great Britain and the Italian Peninsula, and what important additions have been made, of late years, to the nomenclatures of the arts and sciences, it will be obvious that nothing less than the complete reconstruction of the work could render it adequate to the requirements of the student, the merchant, the artist, and the amateur.

The gentlemen intrusted by the proprietors with the editorship have, in consequence, devoted all their energies to the production of a Dictionary which shall fully accomplish the above object, as well by its copiousness and correctness, as by its technical and idiomatic stores.

That the improvements introduced are of this extensive character will sufficiently appear from the following enumeration of them —

IN THE FIRST VOLUME.

1. The addition of many neologisms relating to the arts and sciences.
2. The insertion of the inflections of the irregular verbs, as well as that of the anomalous plurals of substantives.
3. The connecting all diminutives and augmentatives with their respective substantives and adjectives.
4. The introduction of many approved idiomatic expressions.

IN THE SECOND VOLUME,

1. The addition of many neologisms relating to the arts and sciences.
2. The introduction of many words which, although now obsolete, occur in the writers prior to, or contemporary with, the Elizabethan age.

3. The insertion of the inflections of irregular verbs, of the anomalous plurals of substantives, and of the degrees of comparison.

4. The introduction of numerous idiomatic, colloquial, and proverbial expressions, not to be found in any other Italian and English Dictionary.

5. An alphabetical list of geographical names, as well as of the most usual Christian names of men and women.

The Editors cannot conclude this preface without publicly expressing their deep obligations to Dr. Spiers for the liberality with which he has allowed them to avail themselves of his lexicographical labours in the compilation of their second volume; and they gladly embrace this opportunity of bearing their humble testimony to the excellence of his Dictionary, which is equally distinguished for comprehensiveness of plan and felicity of execution.

LONDON, AUGUST, 1854.

LIST OF ABBREVIATIONS.

adj.	adjective.	log. t.	logical term.
adj. & part.	adjective and participle.	math. t.	mathematical term.

NUOVO DIZIONARIO ITALIANO-INGLESE.

ABA

A, the first letter of the Italian alphabet; it is sometimes a preposition signifying, *to, in, by, with, under, at, on, upon, towards, between.* — *me, to me.* Andare — Parigi, *to go to Paris.* Dimorare — Londra, *to live in London.* — forza di braccia, *by main strength.* Nutrire — latte, *to feed with milk.* — mia signoria, *under my command.* — ragione di sei per Cento, *at the rate of six per Cent.* Andare — cavallo, *to go on horseback.* — credito, *upon credit or trust.* — tramontana, *towards the north.* Voi non fate differenza da me — lui, *you make no difference between me and him.* A is frequently employed for *da*, especially with the verbs *fare, vedere, and udire*, when these are followed by another verb in the infinitive mood, in which case they have a passive signification.

A also signifies, *and, in the, as.* Due — due, *two and two.* — nome del re, *in the king's name.* Ricevere — grande onore, *to consider as a great honour.*

A with an apostrophe is used instead of the article and preposition preceding the dative case. Gettare a' cani, *to fling to the dogs.*

A, when accompanying the infinitive mood, is rendered into English by *to.* Andate — dormire, *go to sleep.*

A is often joined to the preposition *presso*, *near, almost.* Di presso — sessant' anni, *almost sixty years old.*

A becomes *ad* before most words beginning with a vowel.

A acqua, *adv. by force of water.*

A alto prezzo, *adv. at a dear rate, at a high price.*

A annelli, *adv. like a chain.*

A aria, *adv. by the ear.* Cantare —, *to sing by ear, not scientifically.*

Duumvíri, s. m. pl. *duumvirs*.

E.

E, s. f. *e, the fifth letter of the alphabet*. E, in Italian has two sounds, one as e in the English word *met*, the other as e in the English word *late*. E, conj. and. Questo — quello, *this and that*. E', with an apostrophe stands for *egli, he, it, they*. E'si credeva, *he thought*.

E'mi pare, *it seems to me*. Gli domandò chi e'fossero, *he asked him who they were*. E with the grave accent is the 3rd pers. sing. pres. indic. of the verb *essere*. Egli è, *he is*. Formerly prose writers added a t to e to avoid the concurrence of two vowels; in the present day d is substituted for t, hence we now say *ed and not et*.

Ebanista, s. m. *a worker in ebony, cabinet-maker*.

Ébano, s. m. 1. *the dyospyrus ebenum or ebony-tree*; 2. *the wood of that tree, ebony*.
